I.	Basi	s of the report				
1.	With	regard to the elements of the international application:*				
	\boxtimes	the international application as originally filed.				
	\boxtimes	the description:				
		pages 1-68 as originally filed				
		pages NONE , filed with the demand				
		pages NONE, filed with the letter of				
	\bowtie	the claims:				
		pages 69-79 , as originally filed				
		pages NONE, as amended (together with any statement) under Article 19 pages NONE, filed with the demand				
		pages NONE, filed with the letter of				
	M	the drawings:				
	الحسكا	pages NONE , as originally filed				
		pages NONE , filed with the demand				
		pages NONE, filed with the letter of				
		the sequence listing part of the description:				
		pages NONE , as originally filed				
		pages NONE , filed with the demand				
2	XX 7241	pages NONE, filed with the letter of				
۷.	lang	regard to the language, all the elements marked above were available or furnished to this Authority in the page in which the international application was filed, unless otherwise indicated under this item.				
	Thes	te elements were available or furnished to this Authority in the following language which is:				
		the language of a translation furnished for the purposes of international search (under Rule23.1(b)).				
	\Box	the language of publication of the international application (under Rule 48.3(b)).				
	\sqcap	the language of the translation furnished for the purposes of international preliminary examination(under Rules				
		55.2 and/or 55.3).				
3.	Wit	n regard to any nucleotide and/or amino acid sequence disclosed in the international application, the				
	inter	national preliminary examination was carried out on the basis of the sequence listing:				
	닏	contained in the international application in printed form.				
	닏	filed together with the international application in computer readable form.				
	닏	furnished subsequently to this Authority in written form.				
	\vdash	furnished subsequently to this Authority in computer readable form.				
	Ш	The statement that the subsequently furnished written sequence listing does not go beyond the disclosure in the				
	_	international application as filed has been furnished.				
	Ш	The statement that the information recorded in computer readable form is identical to the written sequence listing				
		has been furnished.				
4.	M	The amendments have resulted in the cancellation of:				
		the description, pages NONE				
		the claims, Nos. NONE				
		the drawings, sheets/fig NONE				
5.						
J.	ئے	This report has been established as if (some of) the amendments had not been made, since they have been considered to go beyond the disclosure as filed, as indicated in the Supplemental Box (Rule 70.2(c)).**				
*	* Replacement sheets which have been furnished to the receiving Office in response to an invitation under Article 14 are referred to in					
Ihi:	this report as "originally filed" and are not annexed to this report since they do not contain amendments (Rules 70.16 and 70.17). ** Any replacement sheet containing such amendments must be referred to under item 1 and annexed to this report.					

\mathbb{V} .	Reasoned statement under Rule 66.2(a)(ii)	with regard	to novelty.	inventive step or	industrial	annlicability
	citations and explanations supporting such	statement	,		warettera and Refer	erbbucamine's

1. STATEMENT Novelty (N) Claims 1-25 YES Claims NONE NO Inventive Step (IS) Claims 1-25 YES Claims NONE NO Industrial Applicability (IA) Claims 1-25 YES Claims NONE NO

2. CITATIONS AND EXPLANATIONS

Claims 1-25 meet the criteria set out in PCT Article 33(2)-(3), because the prior art does not teach or fairly suggest the compound of formula I, its composition and method of use embraced in the claims 1-25.

Claims 1-25 meet the criteria set out in PCT Article 33(4), and thus have industrial applicability because the subject matter claimed can be made or used in industry as therapeutic agents for treating proliferative diseases.

Form PCT/IPEA/409 (Box V) (July 1998)
